1	Players must be members of the club they are representing. Past members that have played the Growler in previous years are grandfathered in.
2	The rosters are Co-ed and set before the tournament. No switching teams or additions to the roster. The only exception is if a team has less than 5 players or they do not have a female player present on a given night They are allowed to slide one player from another team roster. The person substituting to a different team must only play for that team that night.
3	This is an adult tournament. The age limit is 18. Any exceptions will need approval from the Growler steering committee.
4	The captain of each team is responsible for paying for each team member at Registration Opening Night. One check is preferred. All players must be paid for and sign a liability waiver before they can play.
5	There is not a limit to the number of players on each team roster.
6	Games are played with 5 players. Teams may play with 4 players if they do not have 5 players present. If the team has fewer than 4 players, they will forfeit the game and the game is scored 21-0 F. The team is allowed 5 minutes from the start of the game before calling the forfeit.
7	Teams can rotate players within a game, however rotations must stay consistent per game (i.e. With 6 players, one rotates out at one position. W/ 7 players 2 rotate out at one or two positions) The rotation positions cannot change during the game. ---- See ROTATIONS Diagram for proper Rotation. No deviation from the Rotation Diagram.
8	If teams have their entire roster present, they can elect to sit players out for specific games to limit the number of players that are rotating in the lineup for that game.
9	All teams must have at least one female on roster and play each game. There will be a 5 pt. Penalty assessed to a team that does not have a female in the games lineup rotation and they must only play 4 players on the court. They are allowed to rotate in players at set locations like w/ 5 players.
10	The female doesn't have to be on court at all times if there are more than 5 players in the lineup for a game as long as she is rotating regularly.
11	The team captains shall notify the other team captain their team lineup at the beginning of the game. No substitutions during a game after the line up for the game is set. The only exception may be for an injury or if a player on the roster is missing at the start of the game and the other team is notified that the player will be late before the game begins.
12	All games are standard side out scoring to 21 and must win by 2 points. NO RALLY SCORING
13	Each game is scheduled to last 30 minutes. However, there WILL NOT be a timer so games can last longer or less than allotted time allowed.
14	The Next Game shall start immediately after the preceeding game on that court. A warm up period is not allowed. Teams should warm up on practice courts or open fields before their game time. Games can start before or after the printed schedule. The schedule is just a guideline of start times. Teams playing back to back games are allow 2 minutes to be ready to play their 2nd game.
15	Home Teams will have choice of which side of the court to start OR who serves first. The other team will get the side or serve that is not chosen by the Home team.
16	Teams will switch sides after the first team reaches 10 points
17	Let Serves are in play
18	Any net contact is illegal and loses the point. The primary goal is to avoid any under the net contact (lower leg injuries). It is OK if you inadvertently step under the net as long as you do not contact the net, or interfere with the opposing team.

22	Stray balls hit from the other court, can be called a LET (dead ball) and replay the serve.
23	Balls hit on the poles, fence or chairs outside of the courts are considered to be out of bounds.
24	All teams must have a designated captain for any rule clarifications and disputes
